SMALL TOILET SOAP CARTONS.

GENTLEMEN,

The Stores Purchase Committee are in the market for five lakhs (5,00,000) small sandal toilet soap cartons as per sample designs available for inspection in the office of the undersigned during office hours. The size of these cartons should be in strict conformity to the sample marked "A" and the quality of the cardboard, design, colour and printing, etc., should be strictly according to the sample marked "B".

Please be good enough to quote your best prices both for delivery f.o.r., Bangalore and c.i.f., Madras, forwarding samples of the cardboard to be used in the preparation of the above cartons and intimate the earliest time within which the cartons will be delivered if an order is placed. If delivery cannot be effected in a single lot it may be clearly stated in how many instalments and at what intervals the entire quantity of 5 lakhs of the cartons would be supplied.

The quotation should be superscribed quotation for "Small Toilet Soap Cartons" and sent to reach us on or before the 9th December 1935.

Your prices may be telegraphed, if necessary, to reach us by the aforesaid date clearly specifying in the quotation whether the cartons you offer would be exact to the sample designs furnished to you in every respect.

Enquiry No. 1617.

PRESSED STEEL TANK AND STAGING FOR SATHNUR WATER SUPPLY.

GENTLEMEN,

Please intimate your lowest price and earliest time of delivery f.o.r., Channapatna, for a pressed steel tank or tank constructed in reinforced concrete, of 2400 gallons capacity (12′×8′×4′) on 15 ft. staging, as per undermentioned specification.

Your detailed specification for the tank and staging, with a sketch or a blue print of the same, showing the materials used may be submitted.

It should be distinctly understood that should your quotation be accepted, you will be required to make the supply within the stipulated time and to the specifications furnished with the tender failing which the order would be subject to cancellation. In such an event, the Stores Purchase Committee reserve the right to levy a penalty of 3 per cent of the value of the order as and by way of liquidated damages in addition to debiting you with any extra cost that may be incurred in having to obtain the materials from other sources.

This enquiry will be closed on the 25th November 1935.

Specifications for an Elevated Tank of 2,400 Gallons Capacity on 15 ft. Staging for Sathnur Water Supply.

The tank and staging may be either reinforced concrete or steel completely covered at top. If reinforced concrete, the walls and staging should be substantially designed, erected at site and handed over after testing the same with full of water. There should be no leakage whatever. Payment can be made only after testing it by filling it with water.

The tank should be provided with dust proof manhole cover and ventilators, gauge and ladder should also be included.

If the tank should be of steel plates and steel staging, it should be according to the following specifications :—

The plates should be of 3/16″ thick and the tank should be provided with 1/18″ mild steel plates covering supported on angle iron rafters with necessary slopes for drawing out all water.

The roofing should be provided with a manhole 21″ diameter and a dust proof cover for it. A suitable level indicator and a guage board should also be supplied.

The steel staging should be 15 ft. high and should include the necessary bracings and rolled steel joists on top to support the tank.

All the necessary bolts and nuts with washers, jointing materials, etc., complete should also be supplied. The staging parts should be numbered properly to facilitate erection.

GENTLEMEN,

Please be good enough to intimate your best prices f.o.r., Channapatna, and the earliest time of delivery for the materials described below :—

One—Pumping set consisting of an electric motor and a plunger or a centrifugal pump with a capacity of about 1,800 gallons per hour against 200 ft. head.

The set may be belt driven. The motor should be suitable for 220-volts, 25-cycles, 3-phase A. C.

The quotation should be for the complete equipment including the foot valve, a delivery valve, a non-return valve, a pressure gauge with stopcock pulleys and belts, etc., complete.

The efficiency of the pump, which should be as high as possible, as well as that of the motor at different loads should be specified.

N.B.—As the set is required very urgently, how soon you will be able to supply the same should be noted in the quotation.

It should be distinctly understood that the acceptance by us of your quotation will be subject to the following conditions :—

Withdrawal from the quotation after it is accepted or failure to make the supply within the specified time or according to specifications will entail cancellation of the order and purchase being made at your expense from other sources in addition to the levy of a penalty of 3 per cent of the value of the order as and by way of liquidated damages. In such an event, the Stores Purchase Committee reserve the right to remove your name from the list of approved firms.

NOTICE.

Enquiry No. 1621.

CRUSHED GRAM.

Quotations will be received by the Stores Purchase Committee for the supply of Crushed Horse Gram, free from dust and other impurities, to the Irwin Canal Farm, Mandya, during the Calendar year 1936.

The approximate quantity required during the year is 25 tons.

The price to be quoted should be per unit of 112 lbs. (one cwt) delivered free at Mandya, subject to the undermentioned conditions of contract.

Quotations should reach the undersigned on or before the 15th December 1935.

CONDITIONS OF CONTRACT FOR THE SUPPLY OF CRUSHED HORSE GRAM TO THE IRWIN CANAL FARM.

The Stores Purchase Committee do not bind themselves to accept the lowest or any tender.

2. Tenders should be for supply of only *good and cleaned* grain, free from all kinds of impurities and suitable for being consumed without further cleaning.

3. The quantity of 25 tons specified in the enquiry is only approximate. The actual quantity to be purchased will be more or less. The contract will be deemed to be limited to the quantity actually drawn on indents during the period of contract.

4. Tenders should specify rate per 112 lbs. (one cwt.) nett which should include all charges for free delivery at the Irwin Canal Farm, Mandya. Samples of grain offered should also accompany the tenders in two sets.

5. The rate quoted should hold good for a period of two weeks from the date fixed for receiving the tender. Withdrawal from tender before the above period or after acceptance of the tender is communicated, due to whatever causes, will entail forfeiture of earnest money deposited in connection with the tender.

6. For the due fulfilment of the contract, the successful tenderers will be required to execute a stamped agreement within a week from the date of receipt of intimation that their renders have been accepted and to deposit as security an amount equal to five per cent of the value of the order failing which the earnest money referred to in the following paragraph will be forfeited to Government and the order cancelled immediately.

7. Tenderer should remit a sum of Rs. 100 as earnest money to the State Huzur Treasury with the accompanying challan form duly filled in and the fact duly noted in the tender. Any tender not complying with this condition will not be considered. Earnest moneys will be returned to parties after the tenders are disposed of in the case of unsuccessful tenderers but in respect of successful tenderers only after the requisite security deposit is furnished.

8. The contract will run for a period of one year from 1st of January 1936. Contractor whose tender is accepted should be prepared to supply the material in strict conformity to the approved sample on indents from the Superintendent of the Irwin Canal Farm, Mandya, within the time specified in the indents. All unsatisfactory supplies will be rejected.

9. No application from the contractor for any enhancement of the prices accepted by the Committee, due to whatsoever causes, will be entertained during the period of contract.

10. Should the contractors fail to comply with any of the conditions detailed above, the contract will forthwith be cancelled and the security deposit forfeited to Government. The contractors will further be bound to make good to Government any loss which may arise from their failure to supply the articles contracted for or by Government having to purchase the articles specified in the contract in the local market at higher rates than those contracted for.

11. The Stores Purchase Committee may at their discretion and within the limits of the approved rate determine the relative prices of any articles that may not, in their opinion, be found up to the standard or quality required, but accepted by the indenting officer on grounds of urgency or other causes.

12. Should any question arise respecting the quality of the materials supplied or the manner of performance of the contract, the contractors should agree to abide by the decision of the Stores Purchase Committee.

13. Tenders should be sent in sealed covers superscribed " Tender for the supply of Food Grains to the Irwin Canal Farm " and delivered before 12 NOON on 15th December 1935 addressed to the Secretary, Stores Purchase Committee, Bangalore.

By Order,
V. VEDAVYASACHARYA,
Secretary,
Stores Purchase Committee.
